

and we'll decide what to do with it. But E & R is getting blamed here for something that they are not responsible for. The controversy arises over some additional amendment. As I understand Senator Bereuter is adding to his motion, he's got two parts in it. We're blaming E & R for something they did not do. For that reason I would suggest, Senator Bereuter, that we just print your amendment to the E & R amendment in the Journal, we'll wait till Monday to decide what to do with it after we get a chance to compare the two. Do you agree to that? I'm asking you a question.

SENATOR BEREUTER: I do not agree to that. I do not understand why language was taken out of the original bill, part of the first three lines on page 3, by E & R when there was no reason for taking it out. I object to that. I think I deserve the support of the body because I am not adding to the content of the bill.

SENATOR GOODRICH: Let me ask you another question. Then why do you refuse to come down and compare your amendment to Emory Burnett's E & R amendment?

SENATOR BEREUTER: I am not accustomed to be called across the floor with my legislation to go talk to a staff when they are responsible for changing the language in my bill.

SENATOR GOODRICH: Have you distributed your amendment to the members of the body?

SENATOR BEREUTER: I have not.

SENATOR GOODRICH: Why won't you get a copy of it to us then, or else agree to lay this thing over till Monday?

SENATOR BEREUTER: I think you're placing a substantial burden on a member of this body to reinstate language that I put in the bill and I object to that. But in order to facilitate discussion here I move for the rejection of the E & R amendments. I withdraw my motion and I move for the rejection of the E & R amendments.

PRESIDENT: And you're requesting a machine vote?

SENATOR BEREUTER: Yes sir.

PRESIDENT: Alright. Now we're in business. Senator Dworak.

SENATOR DWORAK: Have we adopted the E & R amendments?

PRESIDENT: No.

SENATOR DWORAK: But Senator Bereuter has a motion to move for the rejection?

PRESIDENT: He's withdrawing that.

SENATOR DWORAK: Thank you.

PRESIDENT: Are you ready for the question?

SENATOR DWORAK: What is.... Could you....
